

Speaker guide

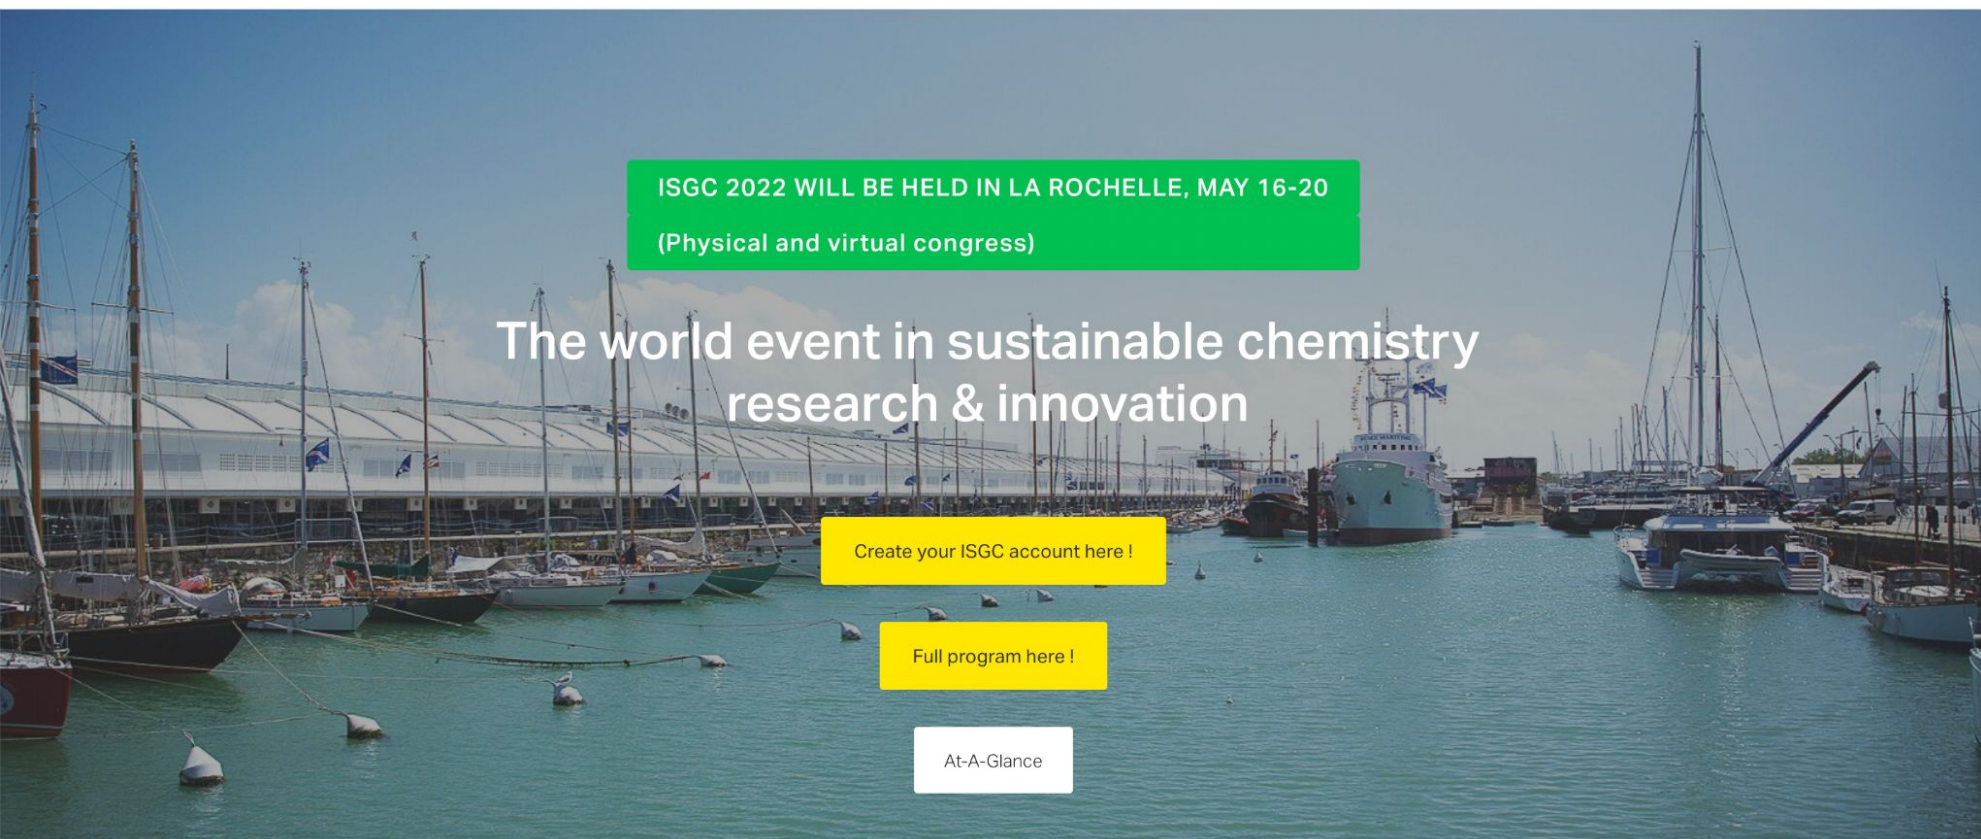

From small meetings to large events, simplicity is the order of the day!

Technical guidelines

- **Use Google Chrome.** If this is not possible, use Edge Chromium, and finally Mozilla Firefox. In any case, use a recent browser version.
- **Test** your access to the video **before the event** via [THIS TEST LINK](https://www.wisembly.com/connectivity/index.html) :
<https://www.wisembly.com/connectivity/index.html>
- **In case of any problem, you may need to disconnect your firewalls, antivirus and/or VPN**

TWO CASES

When you login, you can see two different windows

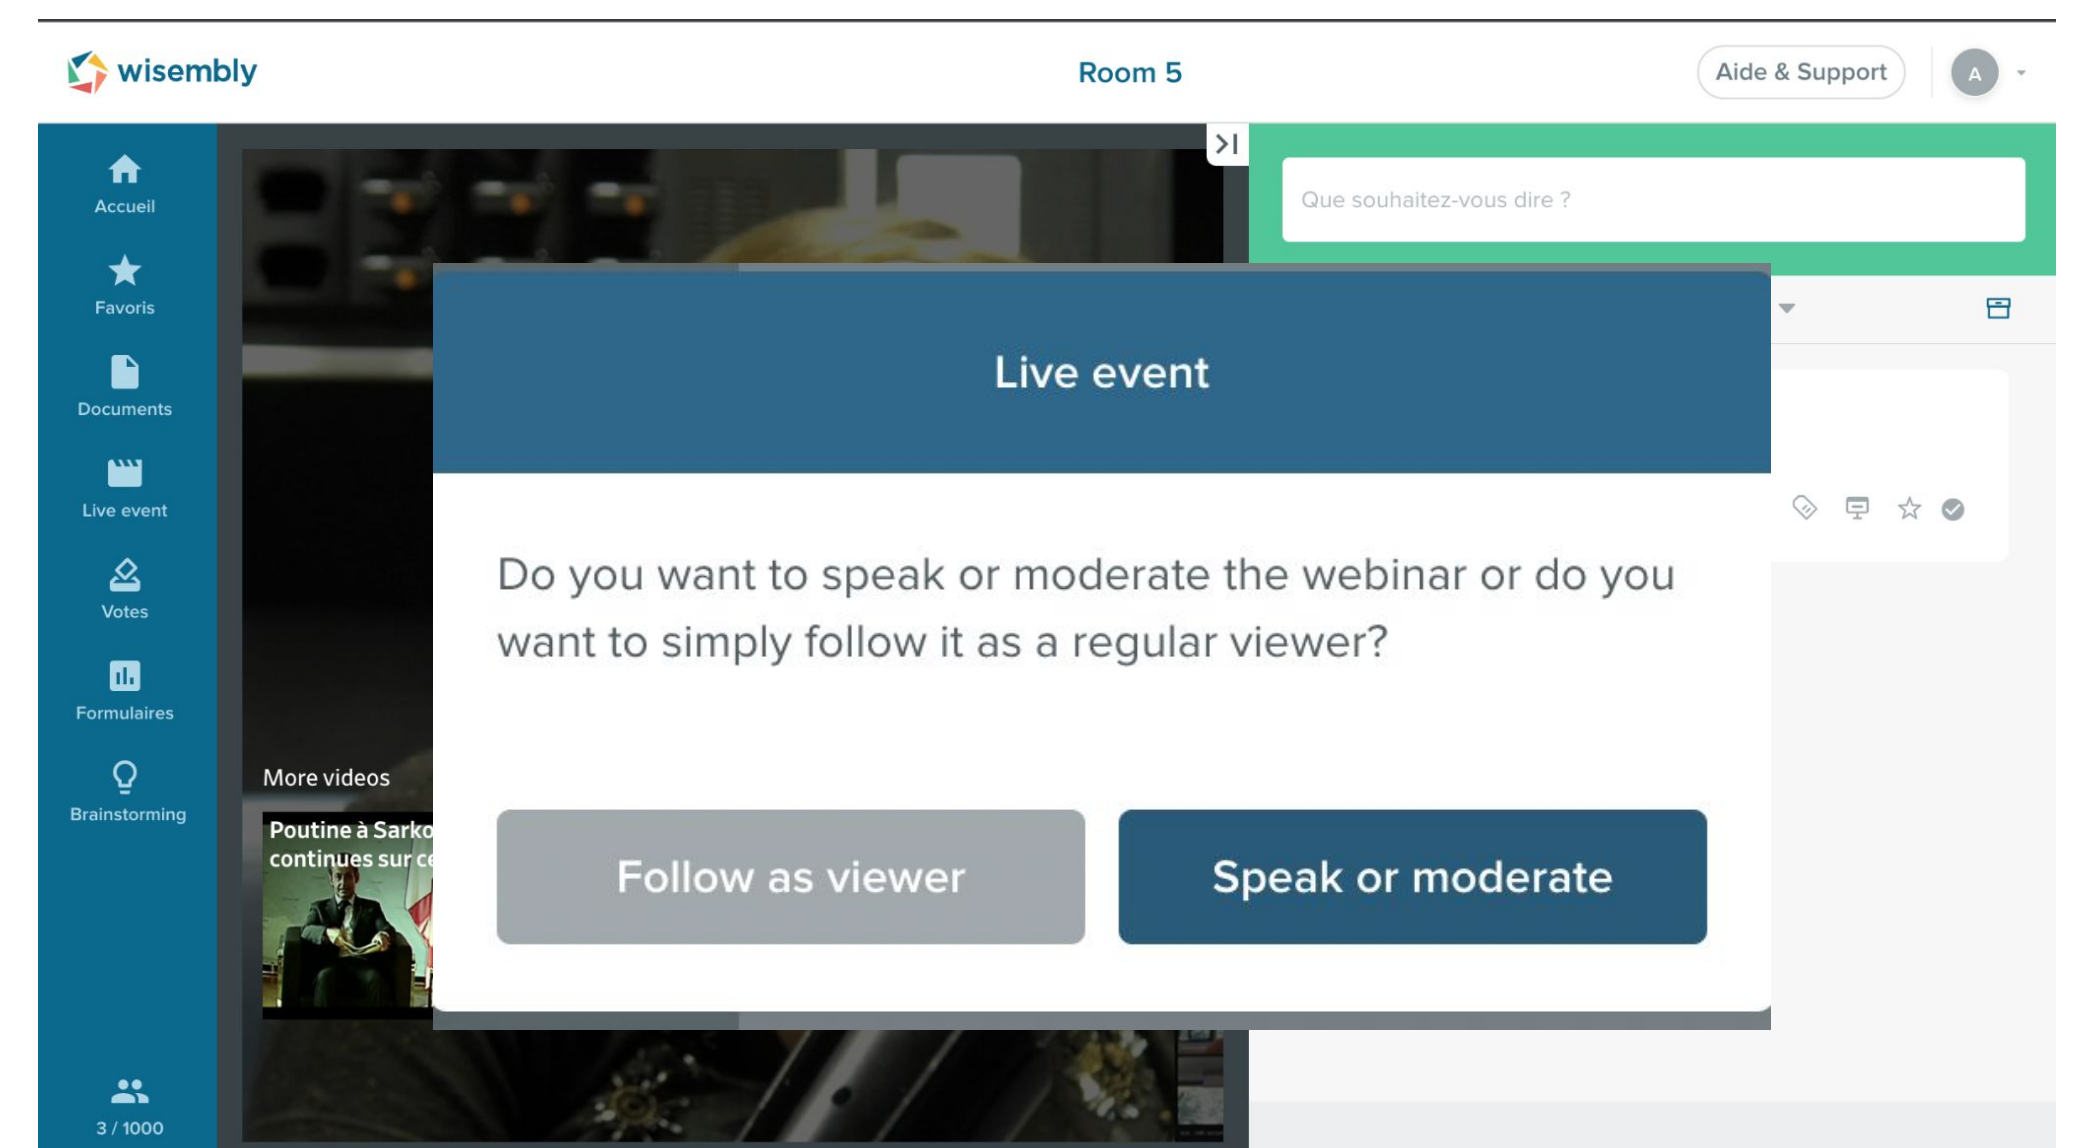

Case n° 1

an **on-site** speaker is presenting

Case n° 2

a **virtual** speaker is presenting

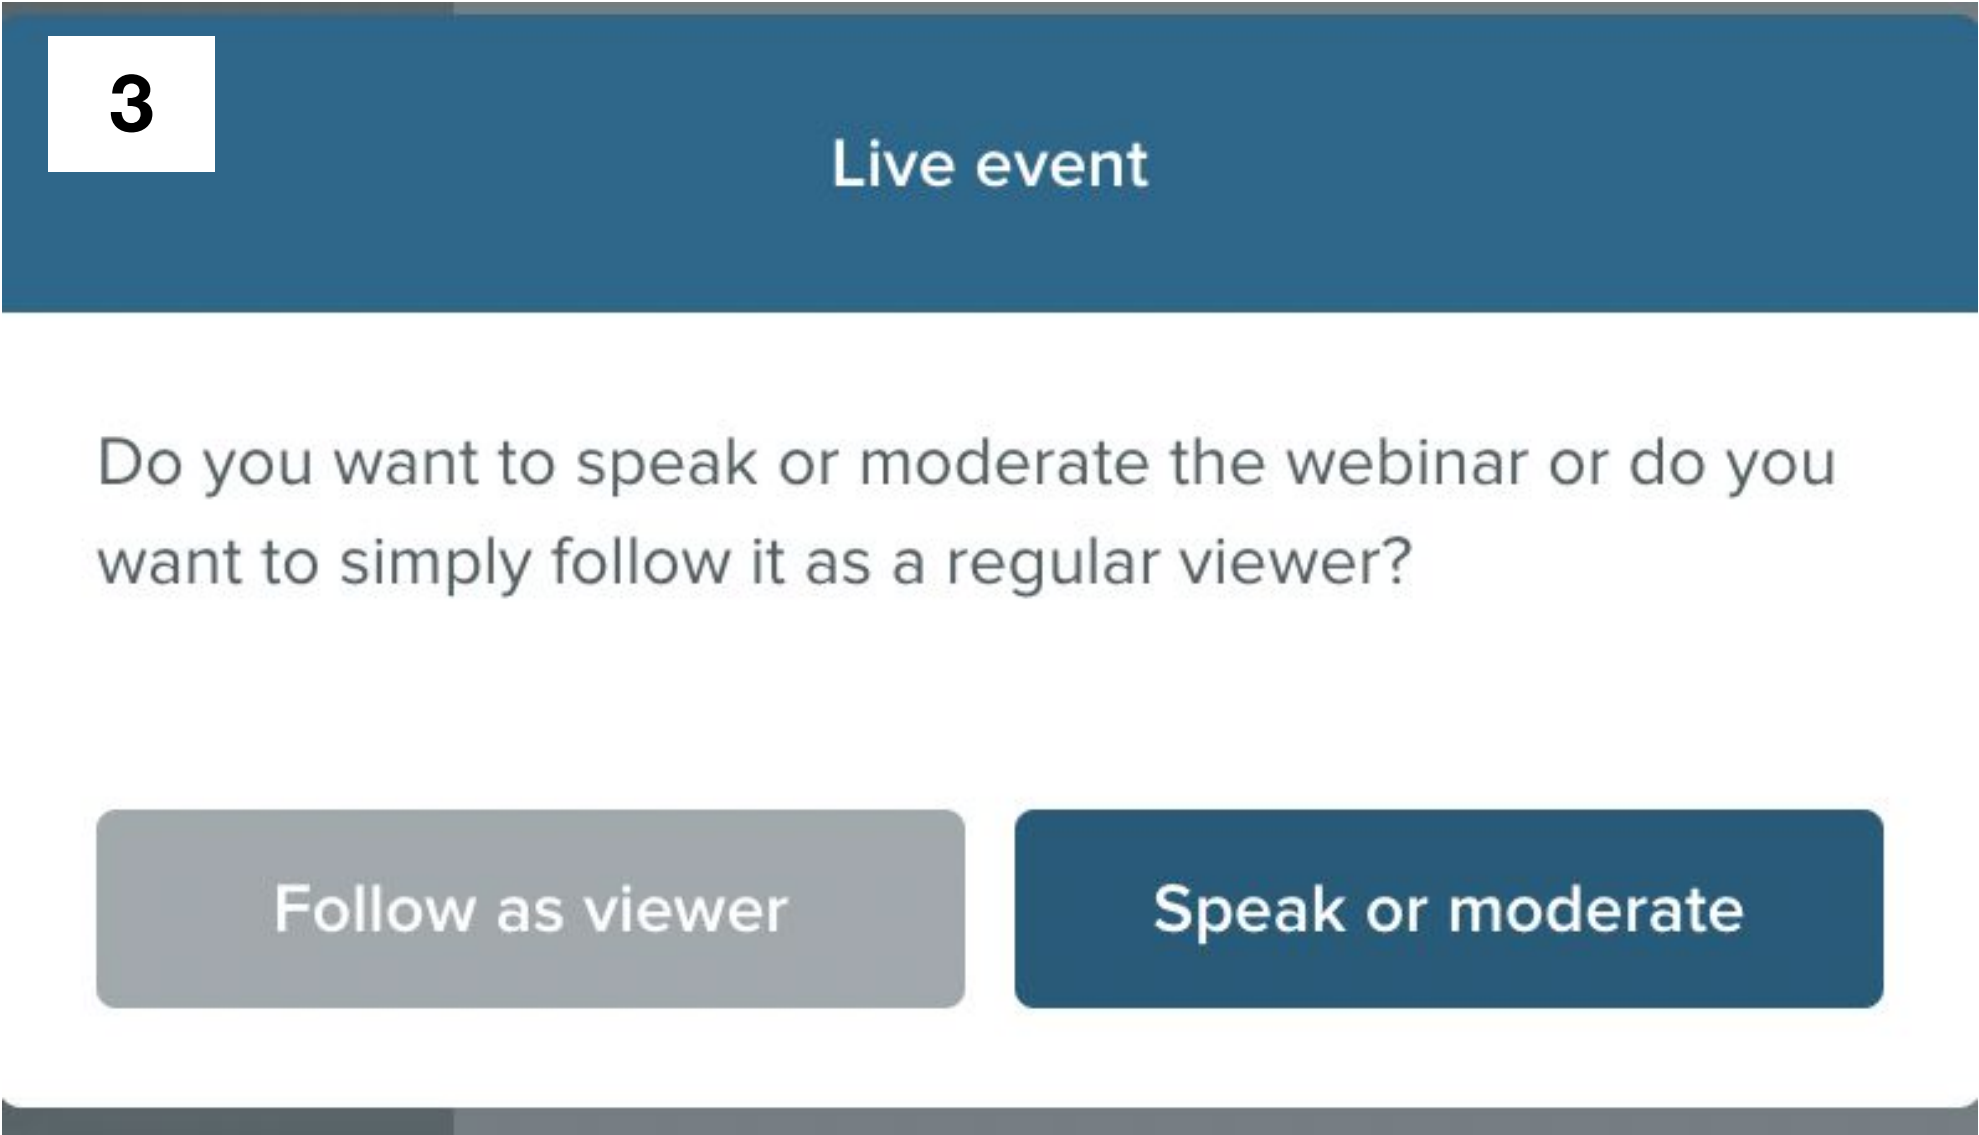

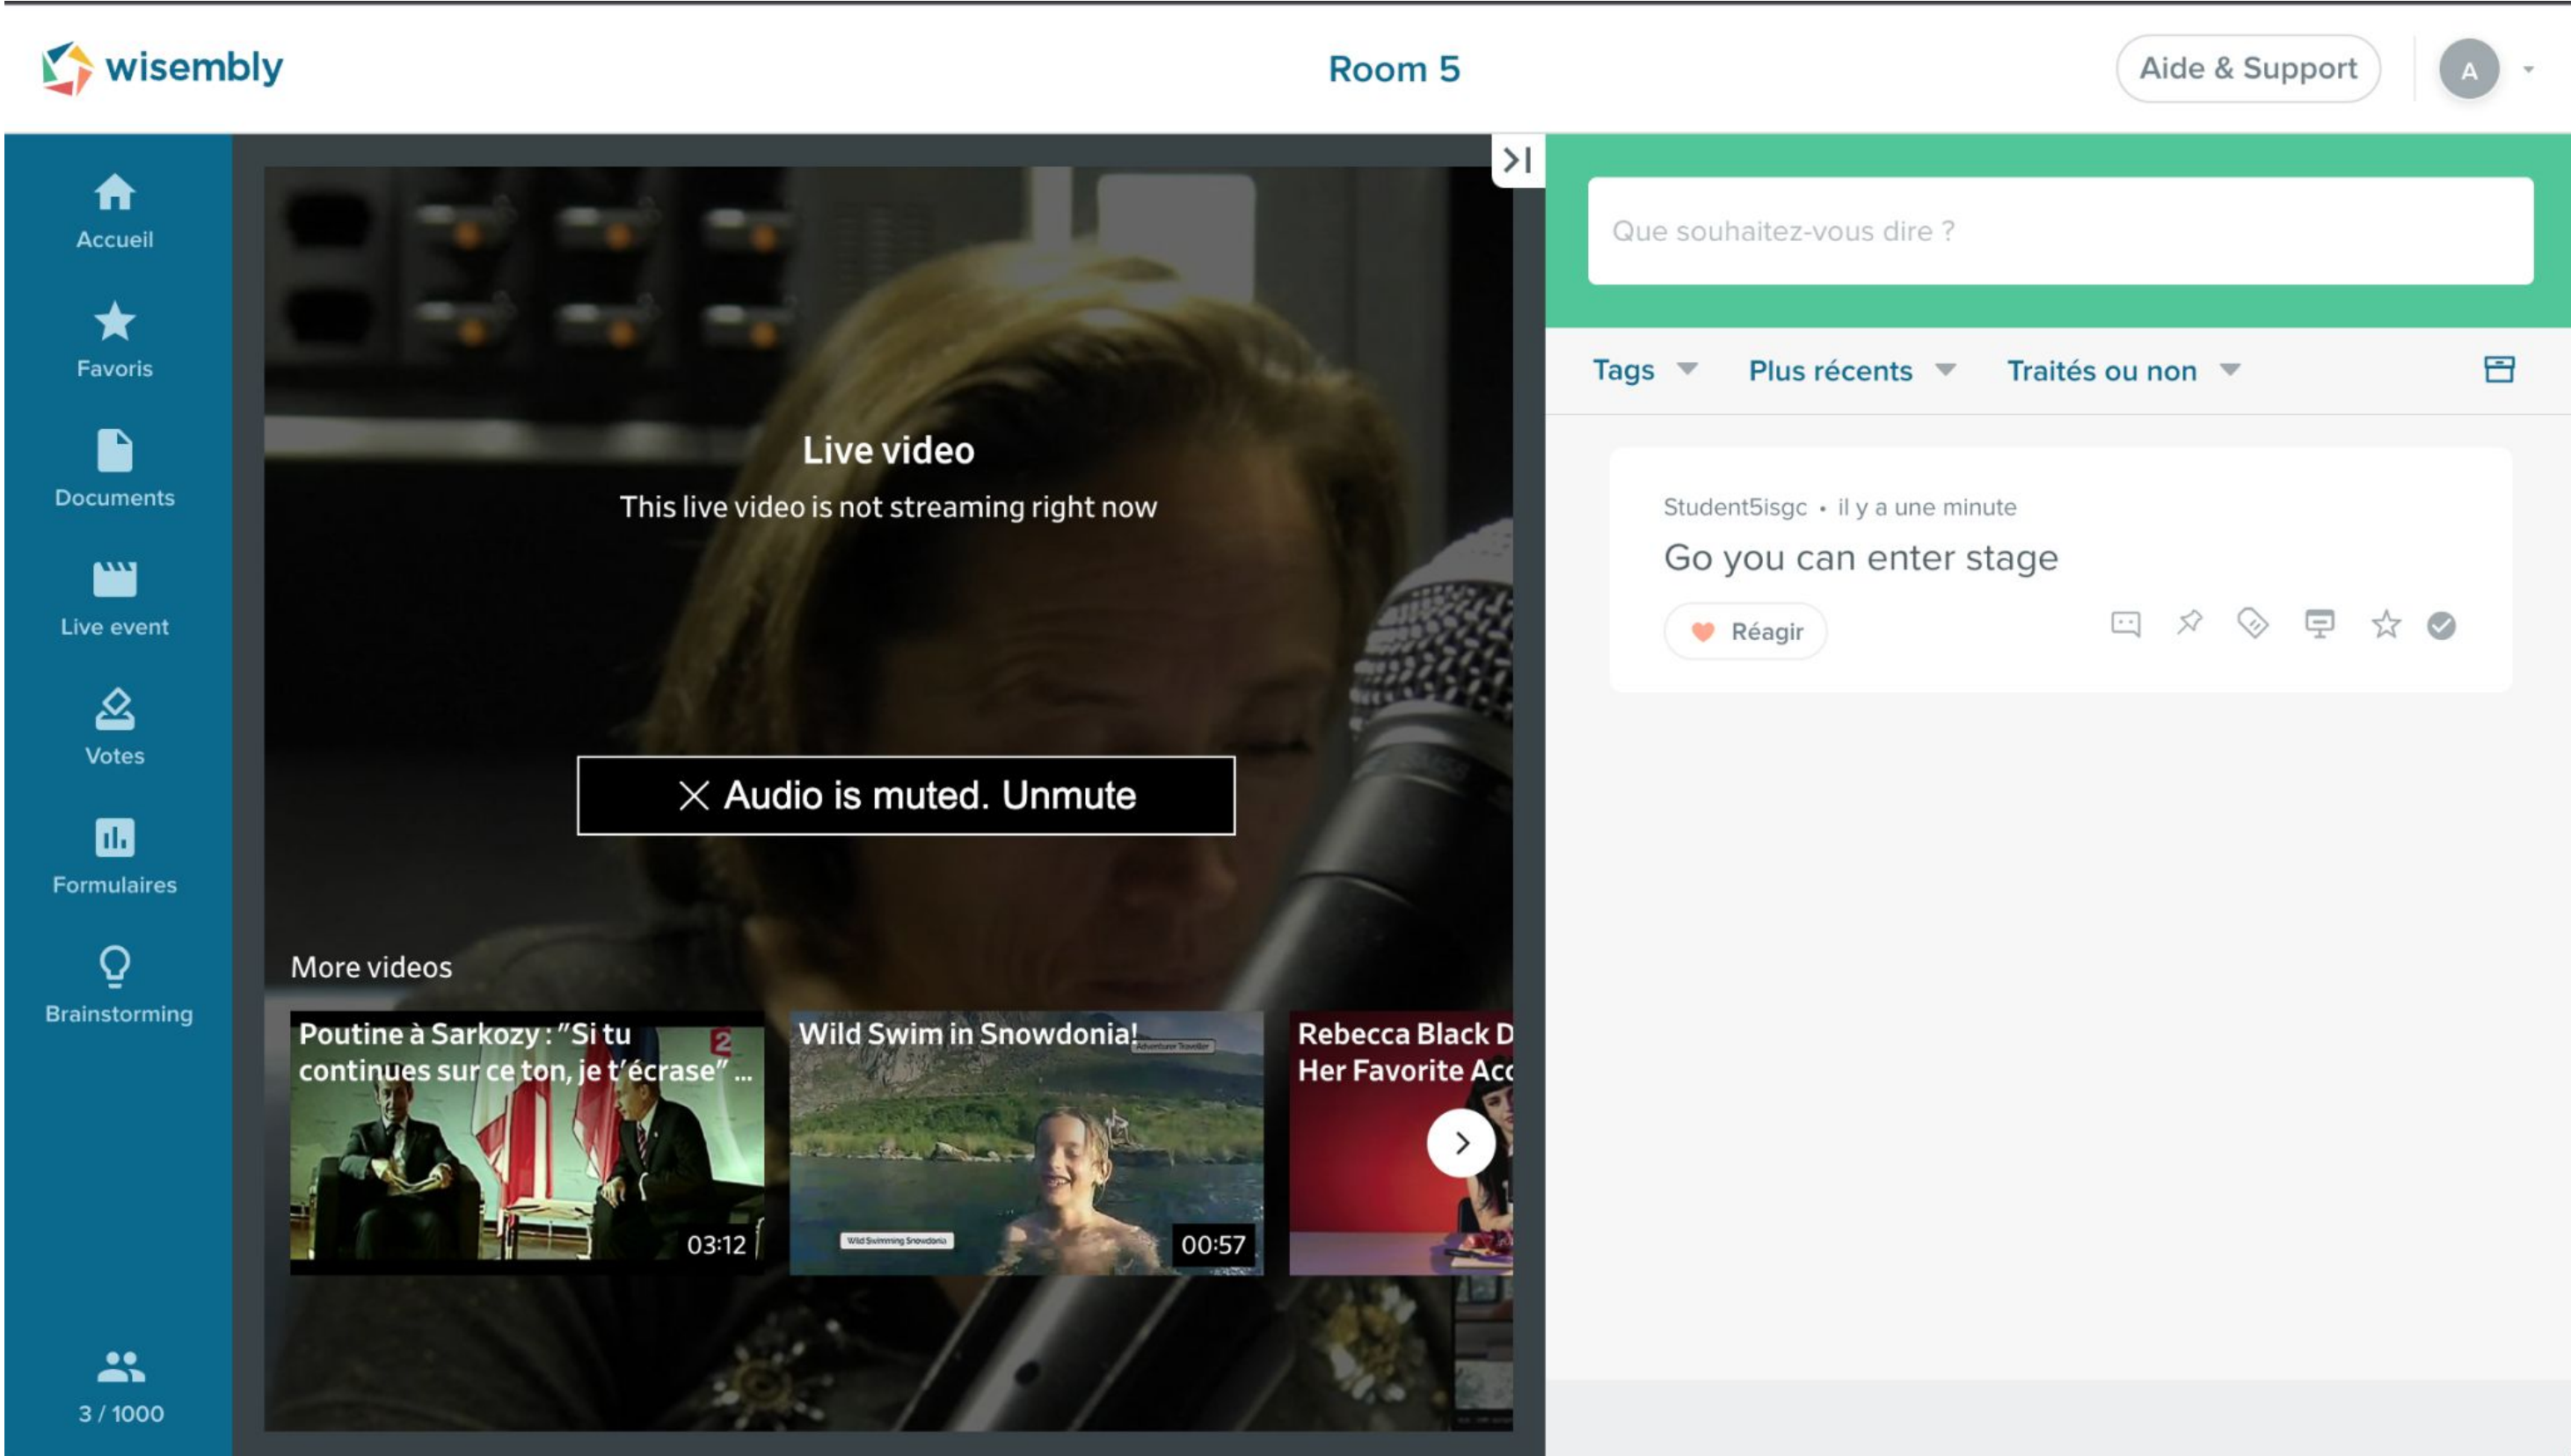

Don't worry, once you will be logged, you will be guided by our staff through the chat

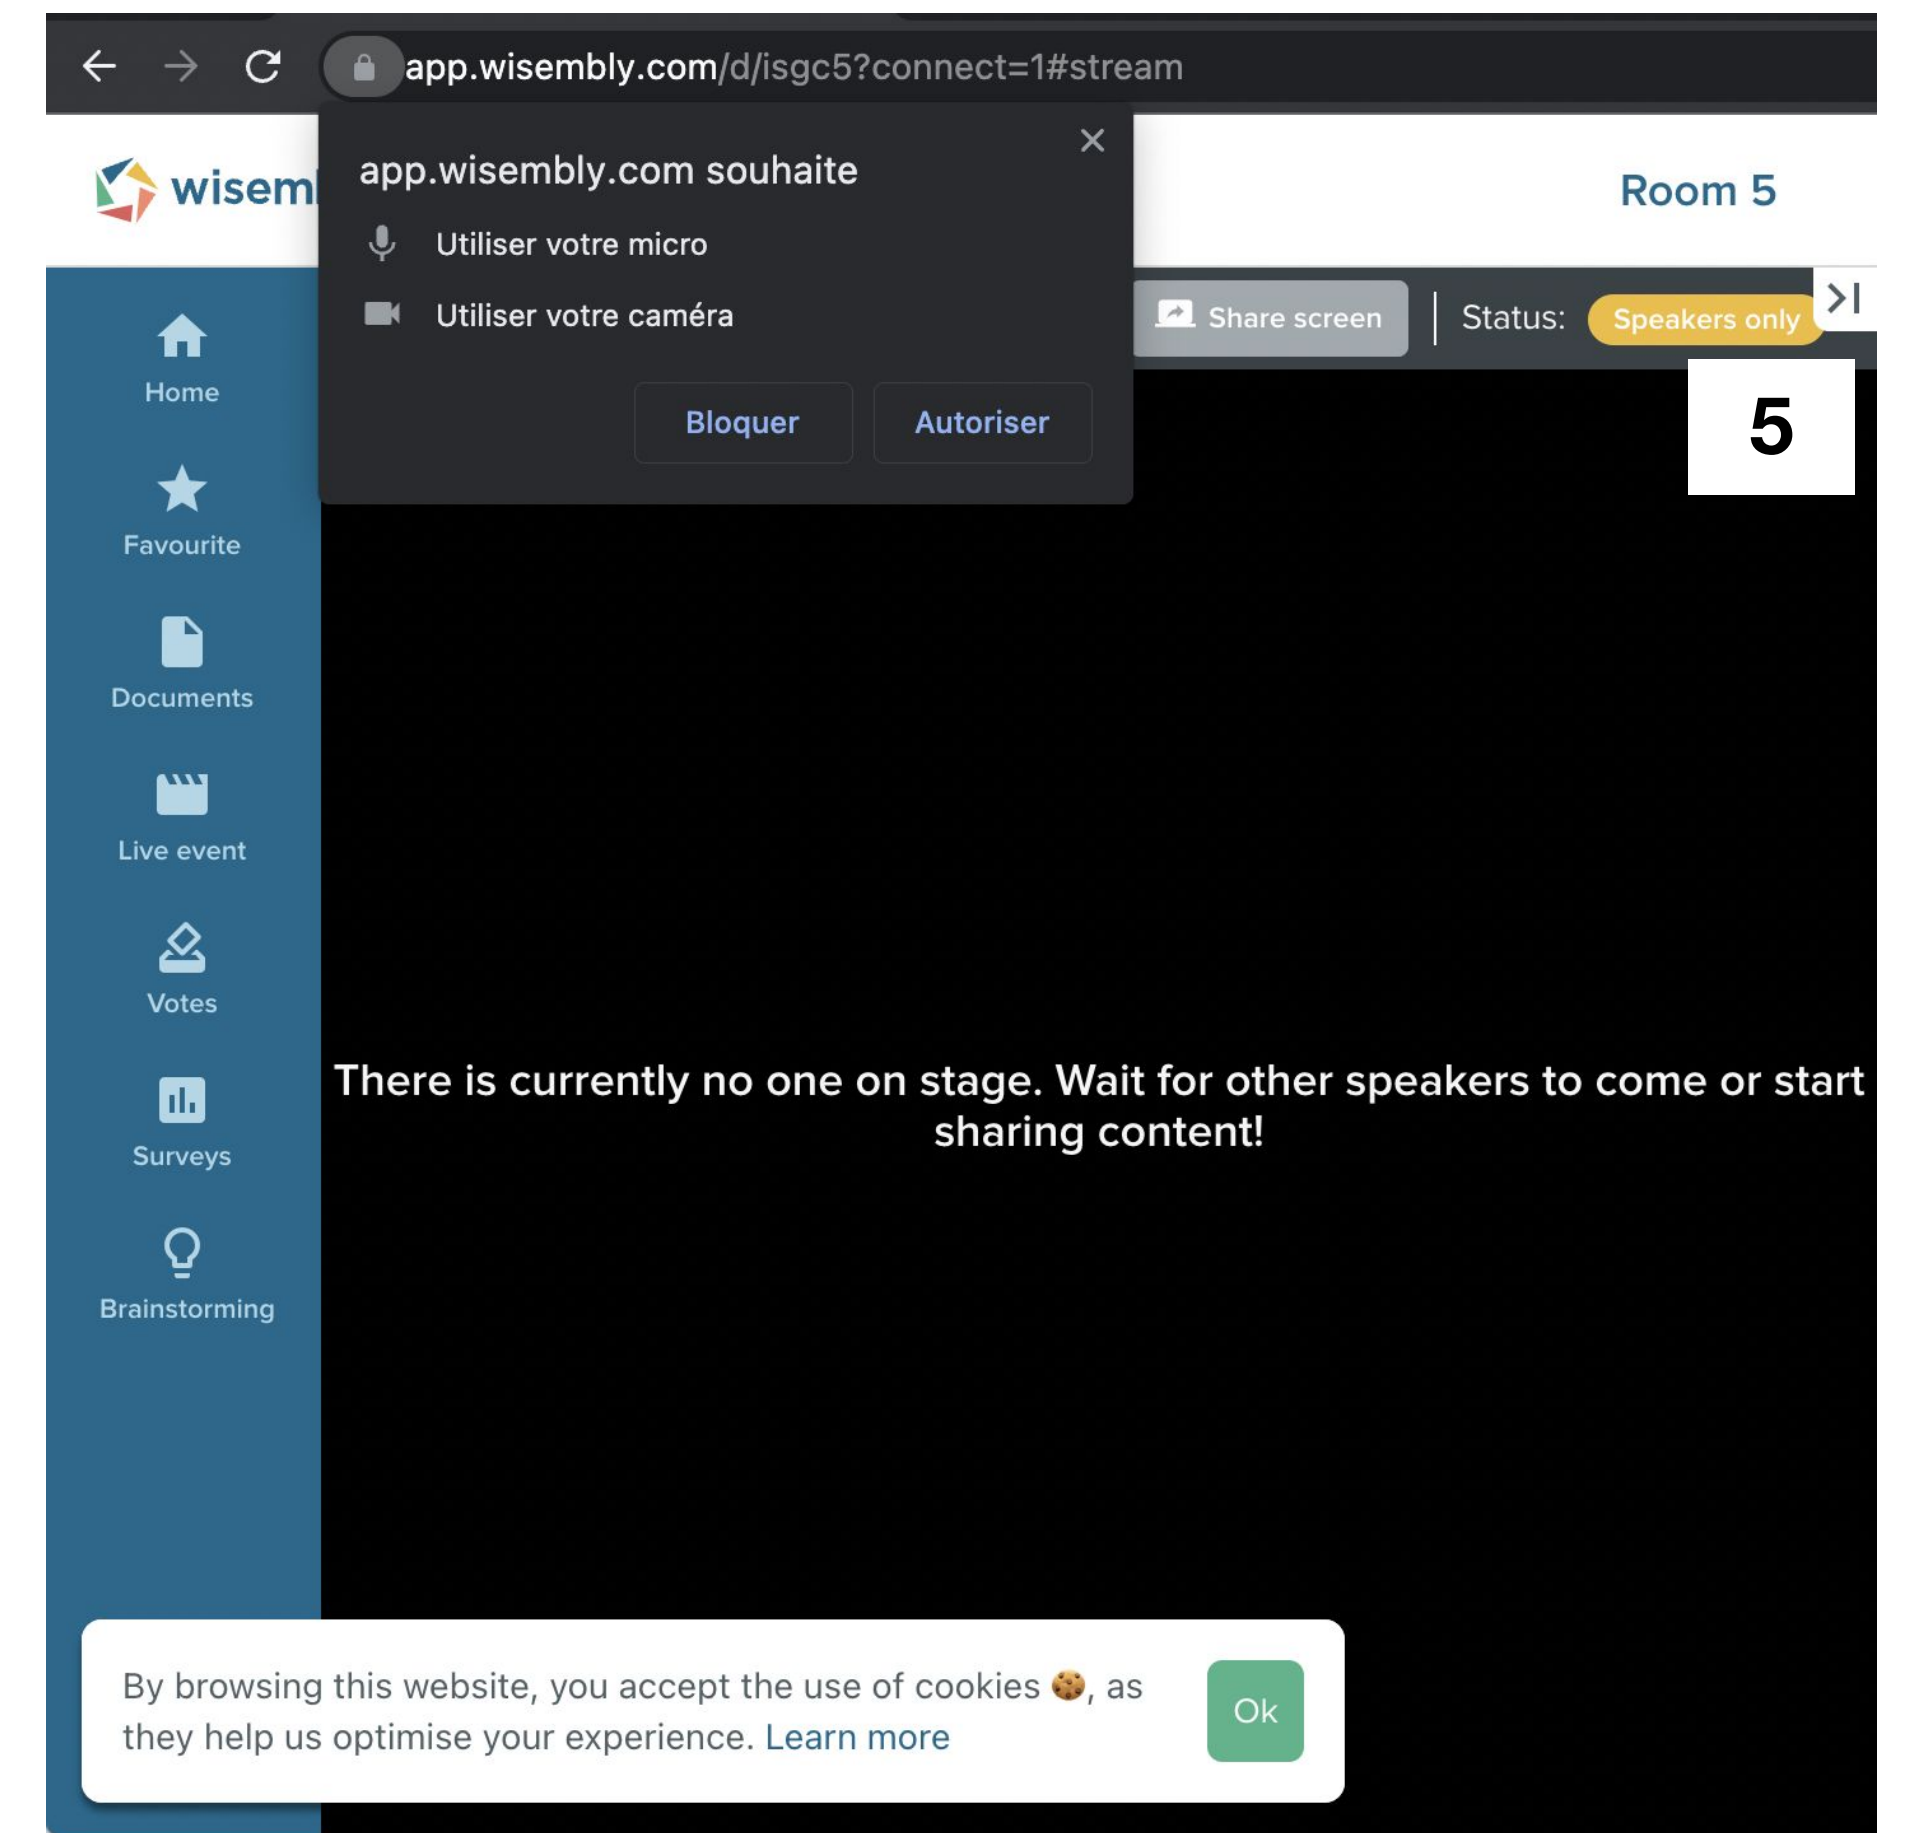

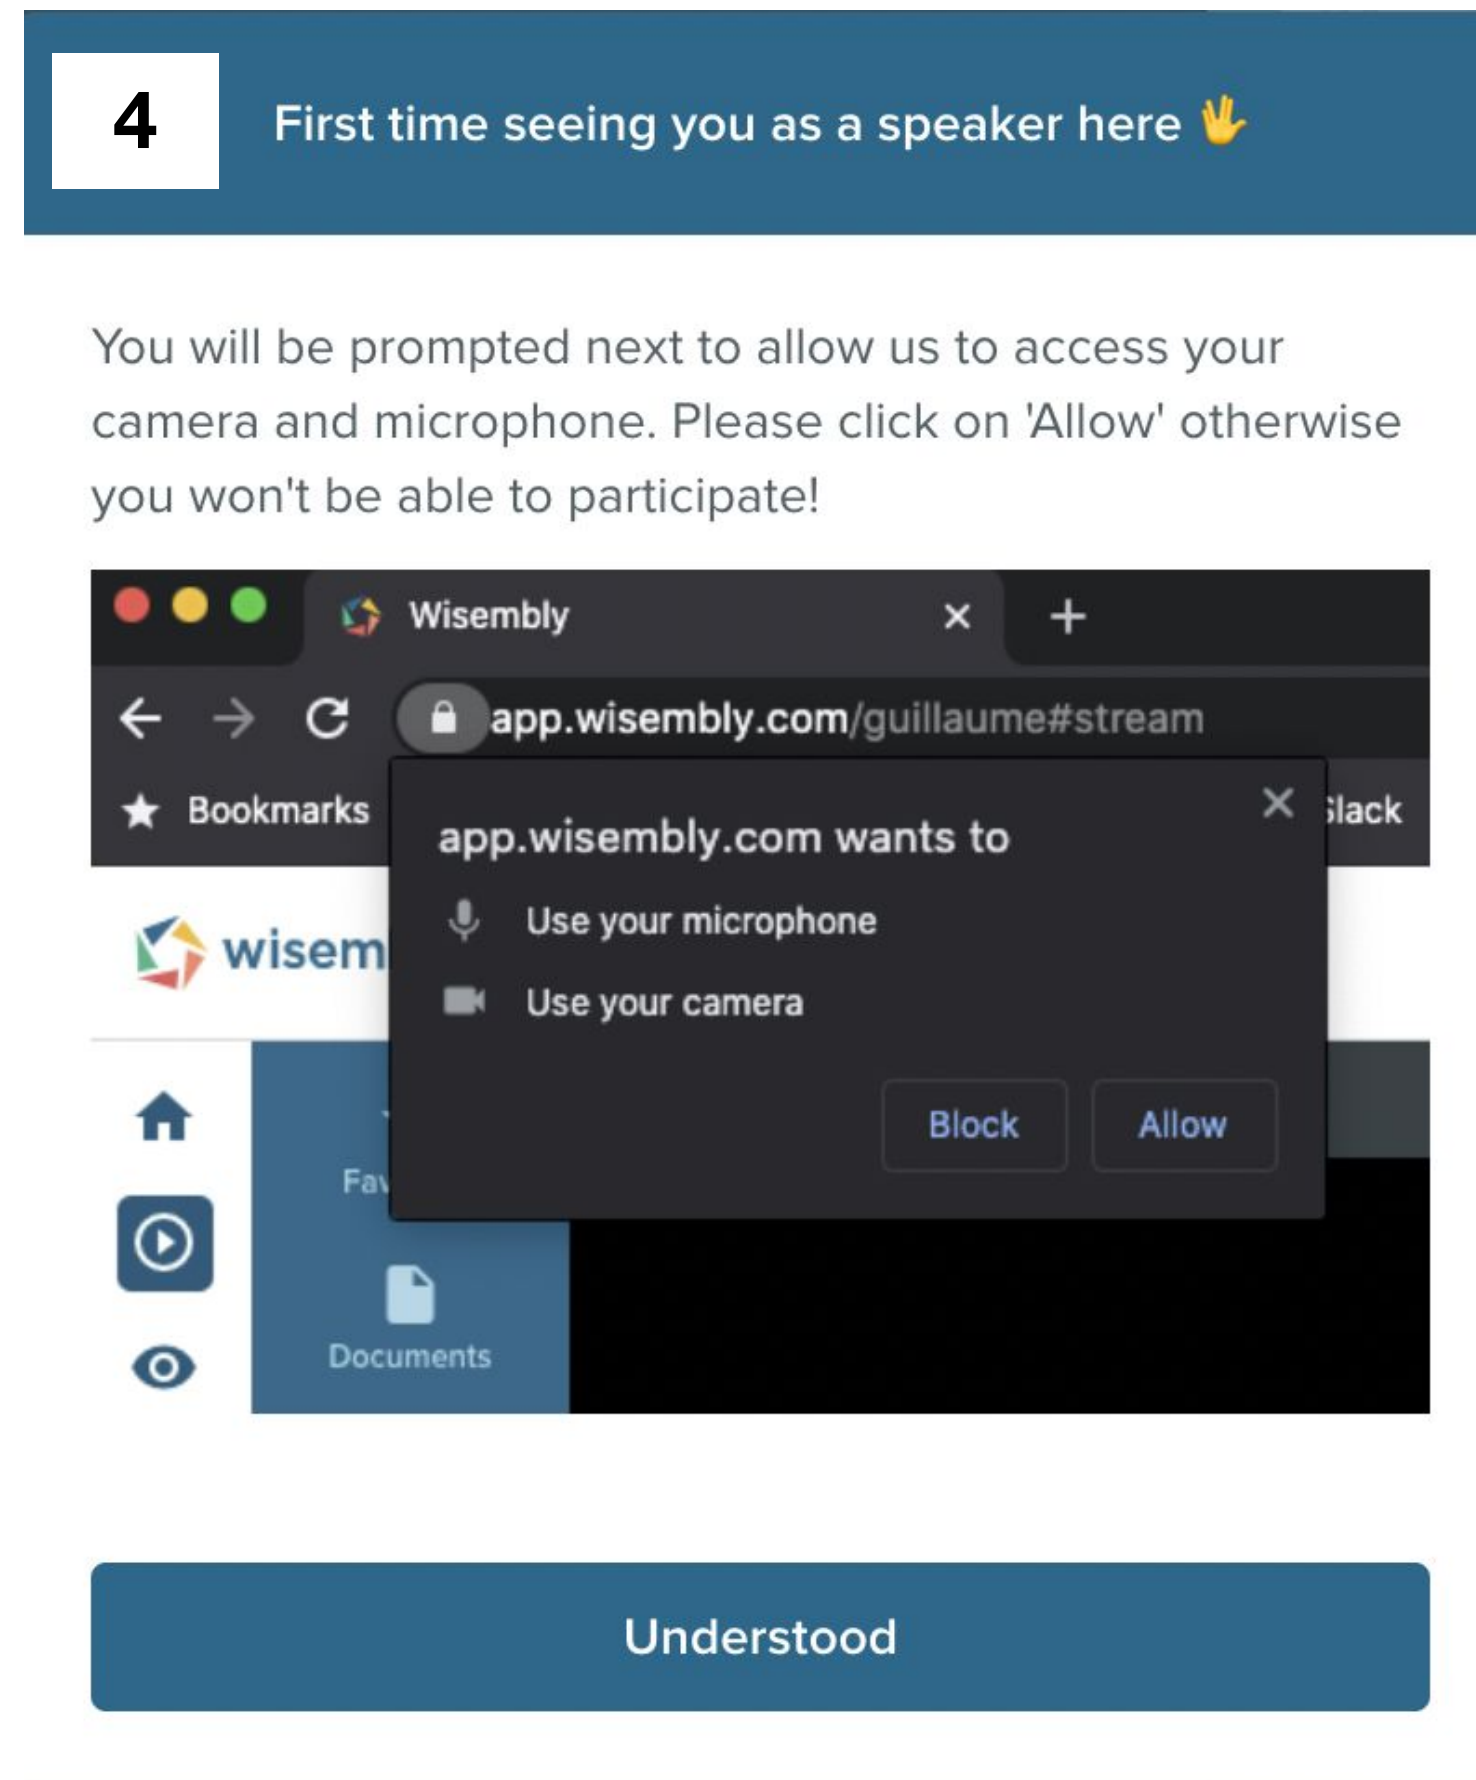

Case n° 1:
an **on-site** speaker is presenting

CASE n°1 an onsite speaker is presenting

- 1) A student will be connecting with you through the chat
- 2) Once he/she will give you the green light through the chat, a new window “Live Event” will appear. IF NOT, please refresh your page
- 3) Click on “Speak or moderate”

- 4) **A pop-up window** will appear, **please click “Understood”**
- 5) **Authorize access to your camera and microphone on your browser**

6) Click on “**Enter stage**”

7) Share your screen (**grey button** on top of your screen)

Welcome on scene and have a
nice presentation/discussion

Technical tips

- If access to Wisembly is blocked: check the browser you are using and **recommend using Google Chrome**, otherwise Edge Chromium or Firefox
- If access to the microphone and the camera is blocked, **check that access to the camera and the microphone has been granted in the browser settings** (on Chrome, small green padlock on the left of the url, check that access is granted)
- **If your company blocks access** to the video, recommend to use a **personal computer**, connected from a **home network or to 4G**

Case n° 2:
a **virtual** speaker is presenting

CASE n°2: A virtual speaker is presenting

- 1) Click on **“Speak or moderate”** (the window will **POP UP** on your screen)
- 2) Click on **“Later”** (button on the bottom left) and **NOT** on “Enter stage”
- 3) **The student will be connecting with you through the chat**
- 4) Once he/she will give the green light through the chat, please **click on “Enter stage”** (green button on the top)
